

ADIDOME SENIOR HIGH SCHOOL

OFFICE OF THE P.T.A

24th September, 2025

Dear Parent/Guardian,

NEWSLETTER

I write, on behalf of the leadership of Adidome Senior High School PTA, to extend warmest felicitation to you in the name of our Lord, Jesus Christ. We are most grateful to you that you have chosen Adidome Senior High School for your wards. Kindly extend our congratulations to them.

Dear parent, as your ward is admitted into this great institution of high repute, you become an automatic member of the Parent Teacher Association of the school.

The PTA exists to champion the continuous improvement in the overall quality of education for our children/wards through productive and cohesive engagement of the relevant stakeholders and communities at all levels.

The Free Senior High School Policy has come with its own challenges, and the support of the PTAs become very necessary.

As parents, we are always grateful to the government of Ghana, both immediate past and present for introducing and continuing free SHS policy. Some of the challenges almost all SHS's are facing because of the policy, are the increase in enrolment and breakdown of discipline.

Over the years the support of PTA (ADISEC CHAPTER) to the school cannot be underrated. Some of the major donations/support made to the school in recent years include:

- Fencing of the 57 acres land of the school
- Renovation of staff bungalows
- Construction of 3-unit classroom block and 2- unit pavilion
- Supply of 1000 quality plastic chairs
- Supply of Air-conditioners to the computer lab and all other accessories/curtains
- Fumigation and purging of bedbugs
- Payment of water bills and provision of pipe borne water
- Support to the school in National Science and Math's Quiz
- Support to the school in writing internal and preparing students for external examinations
- Dislodging of toilet
- Paying allowances to some kitchen staff
- Purchase of instruments to support school brass band and
- Provision of stationery to the school, etc.

OTHER PROJECTS

Having mentioned all the projects above, PTA is poised to carry equally other important projects beneficial to the school and our wards. Among them are: construction of staff bungalows, renovation of classroom blocks, construction of PTA Office Complex, construction of kitchen chimney, purchase of PTA Van.

INTERVENTION/EXTENDED CLASSES

Having identified the grades and aggregates of our wards/children being very weak in most cases, the PTA has been collaborating with the teaching staff to provide additional tuition to support our children/ward's academic work to improve.
